Industrial Cleaning & Site Services

Powertherm's industrial site services enable your business to maintain production, plant operability and meet the highest QHSE standards.

Industrial site services support our customers operations, for planned activities and those that come a little more unexpected. Having this capability within our package of industrial services provides our customers with a fully managed, robust, and cost-effective service to underpin their operations and allow them to concentrate on running assets whilst we manage the necessary support.

We have extensive experience in operating across diverse and demanding sectors. Our wealth of knowledge allows us to apply our industry-leading procedures and processes to prolong the life of our clients' assets, and maintain the highest standards of their sites.

Sectors:

- › Chemical
- › Gas Processing
- › Domestic
- › Food & Beverage Processing
- › Marine
